DOGECOLONY

DogeCo is a play to earn game about the struggle of our character in 3 different worlds. It is possible to both have fun and win with the coins that the character collects in the game. The game can now be played as a Demo at Level 1-30. Soon the full version will be completed and published.

DOGECOLONY

LOCKED LIQUIDITY

Dogecolony Liquidity is provided by the team with no pre-sales or private sales. In addition, all liquidity is locked for 6 months. Locking will continue every 6 months.

VERIFIED CONTRACT

The dogecolony smart contract was written in Solidity 0.8.7 version. The contract has been verified.

DOGECO REWARDS

The automatic reward distribution system is done by the smart contract without interruption. It is calculated based on the trading volume and the amount of Doge Colony you have, and DOGECO rewards are sent to your wallet.

DOGECOLONY

MAINSTREAM OF DOGE TOKENS

Doge Colony set out to become the main token of future DOGE tokens. Always on the rise with the Colony to be created! Very soon...

MARKETING

The \$DOGECO project needs an uninterrupted marketing strategy to promote it to the whole world. For this reason, we aim to provide this with a strong marketing budget. 5% of each purchase and sale is transferred to the marketing wallet and these are used for marketing activities. We will have a constantly working team for research and development.

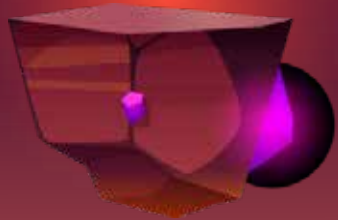

PLAY 2 EARN

DogeColony is a project of play-2-earn game that is available online. Fast paced levels with the degree of difficulty increasing as the player progresses and increasingly powerful attacks.
